New Delhi – 110 077.

Madam,

Sub: Compliance Inspection on 22.2.2018 at Gayatri Vidya Parishad Institute of Health Care and Medical Technology, Marikavalasa, Visakhapatnam—Certain Objections for Consideration—Submitted—Regarding.

With reference to the Compliance Inspection conducted on 22.2.2018 at Gayatri Vidya Parishad Institute of Health Care and Medical Technology, I wish to bring to your notice certain anomalies in the Assessment Report and offer the following explanation for your consideration and approval of Second Renewal for the academic year 2018-19 (Third Batch) with an intake of 150 seats to Gayatri Vidya Parishad Institute of Health Care and Medical Technology, Visakhapatnam.

I would like to mention that since the Compliance Inspection is a surprise inspection, there is no scope for admitting patients only for inspection and they are admitted based on need and they come from far off tribal areas in the District about 200 km.

1. OPD statistics were mentioned as 680 at 2.00 PM on the day of inspection. Since the OPD is working from 9.00 AM to 4.00 PM, the figure given in Assessment Report does not reflect the total OPD for the day. The OPD on the day of inspection is 790 from 9.00 AM to 4.00 PM. OP wise distribution of cases is annexed. The OPD on the day of previous inspection is 792 (Annexure-1).

2. IP: The bed occupancy as per MSR has to be calculated on the basis of average occupancy for last three months which are provided to MCI regularly and kept on website.

The bed occupancy mentioned by the Compliance Inspection Committee at 10.00 AM on the day of inspection as 151/300 is based on not counting many patients for reasons that patient do not need admission or post operative cataract cases. Besides 151, they mentioned that 22 patients alone were not taken into consideration for one reason or the other. However, the bed occupancy as per our records is 196/300. The details of reasons of cases not counting otherwise (23 cases) is not mentioned in the report. Hence the ward wise in patient record totaling to 196 at 10.00 AM on the day of inspection is appended (Annexure-2).

3. Besides, 151 bed occupancy, the Report mentions that 12 patients in ophthalmology ward are not counted as they are post operative cataract cases. NPCB guidelines insists to admit the cataract patients one day earlier and keep them for post operative treatment for two days for patients from rural areas and three days for patients from tribal areas. All the 12 post operative cataract patients not counted are from Paderu, the tribal area in Visakhapatnam District and hence they were kept in the ward for three days as per NPCB recommendations and may be counted for bed occupancy (Annexure-3).
4. In General Surgery, two patients with pain abdomen and normal blood investigations and ultra sound were being kept for endoscopy with a visiting Gastro Entereologist in our hospital who visits once in a week. Only after endoscopy, the diagnosis will be confirmed. Since they are from far off tribal villages about 200 km away from Visakhapatnam city and belongs to poorer sections, they can not commute as out patients. Hence they be considered for counting as In Patient in General Surgery Ward.
5. In Orthopaedics, 8 patients were not considered as they are admitted with back ache, cervical spondylosis and implant removal:

Back Ache:

- (i) K.Janakamma,(180217026) Female 45, is admitted for PIVD, L4, L5, and PA left shoulder for pain and muscle weakness for conservative management.
- (ii) T.Venkayamma,(180219026) Female 45, is admitted with acute sciatic pain right for conservative management and for further investigations.
- (iii) Golagani Chinna Balanna (180219024) male 45, is admitted for chronic back pain and bilateral lower limb weakness for consideration of surgery after evaluation.
- (iv) K. Raghavarao, (180220007) Male 60 years, is admitted with PIVD, L5-S1, for epidural steroid on 21.2.2018 and developed spinal headache and hence kept in ward.

Cervical Spondylosis:

- (v) P. Pothuraju,(180217022) Male 27, was admitted with severe brachial neuralgia right upper limb as he was not relieved of pain by physio, hence planning for investigations and surgery.
- (vi) T. Pandanna,(180222018) Male 56, was admitted with lumbar spondylosis and weakness of lower limbs for further investigations and evaluation for surgery.
- (vii) V. Atchamma,(180216007) Female 43, was admitted with cervical brachial neuralgia for further investigations and management.

Implant Removal:

- (viii) A. Nageswara Rao,(180212009) Male 43, underwent implant removal for left tibia fibular plating and was waiting for suture removal and discharge on eighth post operative day on 22.2.2018.

Hence they may be considered for counting as In Patient in Orthopaedics Ward.

Thus the 22 patients who were not taken into consideration for counting the bed occupancy be considered as medically eligible as in patients for further evaluation and management. It is very difficult for them to commute as out patients and all the cases are genuine.

- 6. Actually, the IP bed status as on 22.2.2018 at 10.00 AM is 196 as submitted to the Compliance Inspection Committee. This point was mentioned by the Dean of our College in the Assessment Report. In the previous inspection also , our IP is 62% (185/300). As we have already complained that all the patients are genuine we request you to consider the IPD attendance as 196.
- 7. Regarding ICUS, apart from one patient in SICU, two patients in MICU, and one patient in ICCU, there are two patients in PICU, and one patient in NICU on the day of assessment.
- 8. Regarding Ultra Sound and CT Scan, it is mentioned that common register for all cases is maintained, but no separate registers for IPD and OPD patients are maintained. This point will be taken up by us and separate registers will be maintained in the Radiology Department. For X ray cases, CDs are being issued to the patients at free of cost instead of x ray films for the patients who are being treated in the Ward as most of the cases are being treated on free of cost. Henceforth films will be given to all surgical cases for in patients.

The details of 196 in patients in various wards at 10.00 AM as on 22.2.2018 along with diagnosis is appended. As all were present at the time of assessment may be considered towards bed occupancy. The average bed occupancy for the last three months, November and December, 2017 and January, 2018 are sent to MCI through website and appended (Annexure-4). The bed occupancy was never below 60% at any time. Hence we request you to kindly consider the above facts and confirm Second Renewal for the academic year 2018-19 for an intake of 150 students.

Thanking you,

Yours faithfully,

I would like to bring to your notice certain clarifications regarding comments made in the assessment report. I have received a copy of the report given by the coordinator Dr.Abhimanyu Basu.

As represented earlier, we have received permission for 2nd batch only on 12.08.2017 and requested to be given time of atleast 3 months for fulfillment of infrastructure and other requirements when we are sent the CD containing declaration forms, Form A & B on 08.09.2017.

	Comments	Remarks
Examination Hall	Only 1 examination is available and 2 are under construction	As per MSR 2 examination halls are required and 1 examination is already there. It is under advanced stage of construction, will be available in next 3 weeks. We have requested for 3 months to fulfill infrastructural requirement.
Lecture Hall in college	Out of 3 one is under construction	It is constructed but acoustics are lacking. Will be ready in 3 weeks.
Central Research Lab	non-functional	We have just started with equipping the central research lab. Rest of the equipment is ordered and likely to be received in 2 weeks time and will be made fully functional.

Contd...2

7 service Labs in Microbiology	Immunology, parasitology, Mycology, Virology and TB labs are non-functional	All these labs are fully equipped and majority of the work is being carried out in the Central Laboratory.
TB & Chest ward	Male & female wards are separated only by screen	Partition between male and female wards has since been provided
Psychiatry Ward	No separate Male & female wards	Partition between male and female wards has been provided
