		Enclosed find photograph of lecture theater in Hospital block on the inspection and current status.	
2	Pantry in all wards- not quipped and not used.	Every ward in the hospital block is having separate pantry with proper utensils and water boiling facility. However, many times patients/attendant carry utensils from pantry to their respective beds so in some wards, pantry items were misplaced. Moreover, as food is provided free of cost from hospital kitchen, pantry is sparingly used by patient. Now all the required utensils and hotplates have been kept in the Pantry. Enclosed find photograph of fully equipped Pantry in hospital.	Verified & deficiency rectified
3	OPD was empty at 09:35 am.	This deficiency is factually incorrect and amplified. Assessors reached principal office only at 09:42 hrs on the day of inspection and later visited hospital OPD at 09:59 Hrs. Evidence is available in video recording and photograph taken during assessors arrival and visit to hospital with date and time stamped on it. During their arrival at hospital OPD, many patients can be seen OPD registration queue and in waiting hall.(Photo enclosed) Moreover, inspection day being on the top of winter time in area, patients arrival were slow in The morning and picked up by afternoon.	OPD attendance was 918 by 12:45 pm
