Highlights

Compliance Verification for Continuation of Recognition of **JJM Medial College, Davangere**

On 17 Sept 2014

Page 1 of 2

After reaching the medical college, the Principal was met with and introductions performed. The SAF-I, and a bank draft for Rs 3 lakh payable to the MCI as per their instruction were requested from the Principal, who said they would be ready in a while. Videographers arrived quickly, and the Assessors went about their assigned work as follows:

1. Prof U.K. Bhadra (Community Medicine) went to check up on clinical materials in all OPDs, and then for a visit to the Rural Health Training Center
2. Prof D.M. Gohil (Emergency Medicine) went to check up on clinical material in all IPDs, and other clinical assets like the OTs etc
3. Prof B. Vasundhara Devi (Pharmacology) went to check up in all pre- and para- clinical departments

After doing assigned college round, Prof U.K. Bhadra proceeded to the Rural Health Training Center. Prof Gohil and Prof Devi started faculty presentations with examination of Declaration Forms at about 12 noon, joined later by Prof Bhadra. It went on through 5 pm.

The checked Declaration Forms, the B-forms, and the A-form were loaded in a box and mailed to MCI.

The three Assessors then went about compilation of report in an isolated area with a computer. The SAF-I, signed by the Principal, was taken from him. A Bank-draft for Rs 3 lakh was also taken from him. The recorded videos were taken from the videographers.

The SAF-II was compiled by Prof U.K. Bhadra with the other two Assessors providing necessary inputs. The attendance-sheets were utilized by Prof D.M. Gohil to complete the Calculation-Sheet taking into account the PG component provided in Form A.

Constraints faced and suggestions:

1. Davangere was not connected by air, so travel was hectic and time-consuming.
2. Surprise inspections are abrupt, as they should be, but perhaps 2 Assessors for 2 days would fare better than 3 Assessors for 1 day.
3. Physical Verifications and reporting with printed reports with all calculations were time-consuming jobs, and had to be completed in the 1 day allowed.

Thank you.

Prof U.K. Bhadra 17/9/14
Coordinator 

Sl. No.	Observation BY BOG on 12 Sept 2013	Compliance submitted by the college on December 7, 2013	Compliance Verification Assessment on 17 Sept 2014
1.	Shortage of Lecture Theatre of 1 x 300 and 1 x 650	Existing available space is being altered and facility will be created for Lecture Theatres of 1 x 300 & 1 x 650. All the Lecture Theatres as mentioned in the norms of MCI will be made available.	Deficiency has not been rectified. See SAF-II page 5, no. 1.10.
2.	Inadequate Examination hall Cum Auditorium (145 Sq.mts. available as against the requirement of 2000 Sq.Mt)	As per the earlier norms of MCI, it is required to have a separate examination hall and an auditorium. We have a separate examination hall of 2100 sq.m area and a 1100 sitting capacity auditorium which satisfies the requirement	Deficiency has not been rectified. See SAF-II page 4, no. 1.8.
3.	Inadequate QPD attendance (2572 available as against the requirement of 3000).	Efforts are being made from the last 5 months to increase the OPD attendance by organizing various health camps and related. Presently the OPD attendance is more than 3000 per day.	Deficiency has not been rectified. See SAF-II page 12. Only 118 old+new patients at 10:05 am
4	Inadequate casualty beds (13 available as against the requirement of 30).	Casualty/Emergency department <ul style="list-style-type: none"> Bapuji Hospital: 03 examination cots on arrival of The patient. Attached with 79 beds for further care Chigateri District Hospital: 03 examination cots on arrival of the patients attached with 20x2=40 beds for further care Hence totally 75 beds are available as casualty beds which is adequate by MCI norms.	Deficiency has not been rectified. See SAF-II page 14, no. 2.8.
3,	In Radiology department: shortage of 2 x 30mA mobile units and 02 Fluoroscopy	Please refer the enclosed annexure which is self explanatory. Hence the required equipment in the department of Radiodiagnosis are all available as per MCI norms.	Deficiency has not been rectified. See SAF-II page 18, no. 2.13.
6,	Shortage of Nursing Staff by 220 (483 available as against the requirement of 703).	Additional nursing staff have been appointed to meet the requirement of nursing staff as stipulated by MCI.	Deficiency has not been rectified. See SAF-II page 14, no. 2.8.
7,	One PHC is at a distance of 34 kms (more than 30 kms which is not as per MCI norms)	The minimum standard requirement for the Medical College for 250 Admissions annually regulations 1999 and as amended upto 2010 clearly states regarding PHC/RHC as under; Every medical college shall have three primary health centers/rural health training centers for training students In community oriented primary health care and rural based health education for the rural community attached to it. Out of these, one primary health centre Shall be within a distance of 30 km or with one hour of commuting distance from the medical college. We have 3 primary health centers/rural health centers. <ol style="list-style-type: none"> 1. Mayakonda – 32 kms 2. Kodaganur – 24 kms 3. Anaji – 24 kms Of this only Mayakonda is 32 kms. But it can be travelled within 45 minutes from our college. Hence all the centers are as per MCI norms. The same can be verified through Google maps. However, we have also finalized one more PHC i.e., at Kakkargolla to be affiliated to our college. With all these 4 PHC's the requirement as per MCI will be adequate.	Anaji PHC has now been shown as the Rural Health Training Center. It is 22.8 kms and 45 minutes commuting distance from college. But it has no Infrastructure for a training center for a medical college. There are no lodging or messing provision for interns, no RHTC office, no discernable proof of involvement of interns or students in training, no training center staff, no family folders. The Interns were supposed to be in the field, but the Assessor could not go to see them at work, It was not possible because It wasn't certain where they were. See SAF-II page 25, no. 3.10.
8.	Other deficiencies as pointed out in the report. Deficiencies of demonstration rooms for all pre and para clinical departments	With minor modification the existing vacant rooms/spaces are being converted to accommodate all the demonstration rooms as per the MCI norms.	Poor clinical material, less than ideal teaching infrastructure. Demonstration rooms are present, but quite a few are too small for a college of 245 intakes, and lack furniture.

MEDICAL COLLEGE

3.1 Teaching Programme* :

Lecture	Yes, Weekly Schedule Prepared
Demonstration	Yes, Weekly Schedule Prepared
Clinical posting	Yes, Weekly Schedule Prepared
Clinical Pathological Conference	Yes, Weekly Schedule Prepared
Grand Rounds	Yes, Weekly Schedule Prepared
Statistical Meeting	Yes, but Weekly Schedule not Prepared
Seminars	Yes, but Weekly Schedule not Prepared
Organized: As per Council recommendations	Yes, but Weekly Schedule not Prepared

* - Teaching roster & Attendance Register to be verified at the time of assessment.

3.2 Teaching Facilities in: Anatomy, Physiology, Biochemistry, Pharmacology, Pathology, Microbiology, Forensic Medicine & Community Medicine Departments *(verify deptt wise data from form A & B made available by the institution and coorelate with MSR regulations by MCI).*

3.3 Anatomy

Number of Demonstration Room/s Capacity	02 40 each	AV Aids	Available
Number of practical laboratory/ies -	02	Museum	Available
Number of Lab seats -	290	Mounted specimens	40
Number of microscopes/laboratory	194	Models	255
		Bone Sets	25
		MRI CT	50
Number of dissection tables	63	Number of cadavers	25
Cold store / cooling chambers	10	Storage tank	12
Embalming room	02	Band saw	02
Lockers	292		

[Handwritten signatures and date]
 17/9/14

Adequate exhaust, light, water supply and drainage facilities

Available.

Deficiency if any:

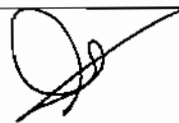

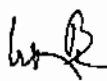

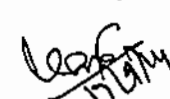

3.4 Physiology

Number of Demonstration Room/s Capacity	04 (1 very small) 60 each	AV Aids	Available
Amphibian laboratory Seats	Adequate 120	Haematology laboratory	Adequate
Mammalian laboratory	Adequate	Clinical Physiology	Adequate
Departmental Library	Adequate	Research Lab.	Available
Preparation rooms	Adequate		

Deficiency if any:

3.5 Biochemistry

Number of Demonstration Room/s Capacity	04 60 each	AV Aids	Available
Number of practical laboratory/ies -	02	Library / Seminar rooms	Available
Number of Lab seats -	132	Research Lab.	Available

  17/9/14  

Deficiency if any :

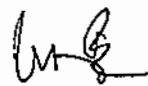

3.6 Pathology

Number of Demonstration Room/s Capacity	04 80 each	AV Aids	Available
Practical labs. Morbidity Anatomy/Histopath./ Cytology Clinical Pathology/Haematology	Available	Museum -Specimens -Catalogues	92 600
Departmental library Research lab.	Available		

3.7 Microbiology

Number of Demonstration Room/s Capacity	04 (1 very small) 80 each	AV Aids	Available
Number of practical laboratory/ies -	02	Media preparation facility	Available
Number of Lab seats -	90	Auto Claving	Available
Number of microscopes/laboratory	100	Washing and drawing room	Available
Number of service laboratories (7)	07	Museum	Available

Deficiency if any:

17/9/14

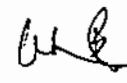

3.8 Pharmacology

Number of Demonstration Room/s	04	AV Aids	Available
Capacity	40 seats & 60 seats		
Experimental Pharmacology	Available	Museum	
Clinical pharmacology/pharmacy	Available	-Specimens	- 63
Departmental Library	Available	-Charts	- 32

Grand Total	-					
Notes:						
1:- For purpose of working out the deficiency;						
(a) Demonstrators/tutors are counted as faculty along with Prof., Assoc Prof., & Asst. Prof						
(b) SR. & JR. are counted together.						
2:- ANMO, MWO & LMO need to be physically verified and not be counted for the purpose of						
shortage in faculty/residents.						
3:- A separate department of Dentistry/Dental faculty is not required where a dental college is						
available in same campus as the medical college.						
4:- Colleges running PG programmes require following additional faculty in the departments						
of pathology, radiology & anesthesiology; Assoc Prof.-1, Asst Prof.-1 & Tutor-1. In all other department additional faculty is required as per chart above, if running PG courses.						

This chart in respect of JJM Medical College, Davangere, was compiled by Prof D.M. Gohil
