**4. Verification of compliance submitted by institute:**

Sl. No	Deficiencies reported from GOI/MCI	Compliance by College sent to GOI/MCI	Remarks of the Assessors after the assessment
1	2	3	4
1	Deficiency of Faculty – 16.9% for 150 admission and 12.9% for 100 admission	<p>The assessment of the Physical and the other teaching facilities available for Renewal of Permission for admission of the 4<sup>th</sup> batch of MBBS students against the increased intake i.e. from 100 to 150 seats in the Dr. S.M.C.S.I Medical College, Karakonam was held on 23<sup>rd</sup> and 24<sup>th</sup> January 2019. I was in receipt of the report of assessment on the day of inspection and it is highly aggrieved by us as many of our genuine requests were not taken into account while preparing the inspection report.</p> <p>January being the month preceding annual exams of the year, faculty and staff members usually avail their eligible leave because of the scheduled annual examination of their children which affect the strength of faculty.</p> <p>Some of the faculties who were on duty off, weekly off and availed eligible leave could not attend the inspection for head counting. These faculties are with this institution over a decade. Since they are residing at distant places and the institution is in the rural area, few of them could not report on time.</p> <p>So the genuine deficiency on the day was Professor – 1, Associate Professor – 4 and Assistant Professor – 4 i.e. 6.5% (9/137) for 150 admission and Professor – 1,</p>	Deficiency of Faculty – 16.3% for 150 admission and 12% for 100 admission
