Sr. No.	Deficiencies reported from GOI/MCI	Compliance by College sent to GOI/MCI	Remarks of the Assessors after the assessment
		<p><b>India: Extraordinary [Part III-Sec. 4], Notification No.2351 dated Friday, July 3, 2015</b>, the MCI has further amended the "Minimum Requirements for 100 MBBS Admissions Annually Regulation, 1999". The said amendment made by the above notification has brought down the minimum requirements for residents for 100 MBBS admissions annually. Since the inspection was held on 06/07/2015, after the promulgation of the notification referred above, the availability of the residents on the day of inspection shall be compared against the newly amended requirements in this regard. Accordingly, the deficiency of residents even when calculated on the basis of those present on the day of inspection remains much reduced</p>	
2	<p><b>Facility for E class is available only in 1 Lecture Theater. Remaining 3 are without E class facility.</b> LCD with LAN Internet facility has been made available in one Lecture theatre. Rest 3 lecture theatres have only LCD projector</p>	<p>The observation in the inspection report seems to be due to lack of technical understanding of LAN (Local Area Network). The LAN (Local Area Network) installed at one lecture theater has technically enabled all four lecture theatres to be interconnected to the internet / e-facility. Through LAN (Local Area Network) e-facility is</p>	Deficiency Rectified.
