Notes:**For purpose of working out the deficiency:**

(1) The deficiency of teaching faculty and Resident Doctors shall be counted separately.

(A) For Teaching Faculty:

- (a) For calculating the deficiency of faculty, Prof., Assoc Prof., Asst. Prof & Tutor in respective departments shall be counted together.
- (b) Any excess teaching faculty in higher cadre can compensate the deficiency of lower cadre of the same department only.
- (c) Any excess teaching faculty of lower cadre/ category in any department cannot compensate the deficiency of any teaching faculty in the higher cadre/category of the same department or any other department. e.g. excess of Assistant Professor cannot compensate the deficiency of Associate Professor or Professor.
- (d) Excess/Extra teaching faculty of any department cannot compensate the deficiency of any teaching faculty in any other department.

8. 1) Deficiency of Teaching Faculty: 23.7 %(14 out of 59)

2) Deficiency of Resident doctors: 24.4%(11 out of 45)

9. Any other deficiency/remarks-

The College Campus is still under construction nearing completion in near future.

The Clinical material is still in Kaushabhao Thakre District Hospital attached with the Government Medical College Shahdol, which is in a old building and housing all the clinical departments, OPDs runs in a old building under single waiting Hall with medical and surgical allied departments, which is highly congested without clear demarcation and are haphazardly arranged and there is fully functional Blood Bank with component facilities. The wards requires separate Nursing station, Pantry for each ward and Drug Stores and side labs are must, which is not seen. However, the new Hospital building in the vicinity of the medical college campus with all facilities is sprawling and likely to be completed in a short period of time.
