Verification of compliance submitted by institute:

Sr. No.	Deficiencies reported from GOI/MCI	Compliance by College sent to GOI/MCI	Remarks of the Assessors after the assessment
1	Shortage of residents is 22.09% as detailed in the report.	It is humbly submitted that there was no actual deficiency of resident doctors on the day of Inspection. Total number of residents in various department is 135 against requirement of 85. The subject wise list of residents is enclosed (Annexure-1) from which it is evident that there was no Deficiency on the day of assessment. However, the observation made by the	Shortage of residents: NIL (Attendance sheets

		<p>assessors in their report are clarified as under :-</p> <p>a) When the attendance of faculty members and residents was being taken by Hon'ble Assessors in the College building, at the same time another assessor was also taking round in few wards of hospital, operation theatres &amp; Labour room due to which some of the residents who had accompanied the second assessor were marked absent.</p> <p>b) On the day of inspection there was university PG theory examination also going on and our residents who were appearing in the examination were not counted as should have been. Examination schedule was handed over to Hon'ble assessors for verification. It is worth mentioning that exam is part of curriculum and has to be duly considered.</p> <p>c) There were 04 SRs who reported late just after 12:00 noon due to being on duty on previous night. Night duty roaster was handed over to Hon'ble Assessor for consideration. 06 (Six) SR residents are actually staying in the campus but being locals from Bhopal they visit their parents when not on duty. However, they were not considered by Hon'ble Assessor and reflected as deficiency. In fact only one SR was absent. Repeated plea of the Dean of the College to the Assessors to mark these faculty members / Residents present was not considered by the assessors, despite genuine grounds. Thus there was no deficiency of residents on the day of assessment.</p>	<p>enclosed) Shortage of faculty:0.62% (Attendance sheets enclosed)</p>
2	<p>Bed Occupancy is 30.90% (i.e. 238 out of 770 beds) on day of assessment.</p>	<p>It is submitted that as per MCI Guidelines "Accommodation in General Wards shall not exceed 30 patients/hall". (Annexure-2). Hence in Clinical departments teaching beds are distributed in multiple halls and different floors of the Hospital Building. The total bed occupancy of 76% (585 IPD) was submitted to the Hon'ble assessor (Annexure- 3) during inspection round which is more than MCI norms and there is absolutely no deficiency. We further submit that the assessor has not visited all the teaching beds of People's Hospital located in different floors. It is humbly submitted that most of the patients admitted in the wards go for operations, investigations, on reference etc. to other departments for consultations with experts, for availing wash room facilities etc, they move out of the wards with attendants and relatives and return to their beds after accomplishment of aforesaid contingencies which may kindly be appreciated and</p>	<p>652 out of 770=85% (Annexure- clinical data)</p>

		<p>considered sympathetically.</p> <p>Your kind attention is also invited to page No.17 of the assessment report wherein the assessors themselves made a statement that there were 129 admissions on the day of assessment. Therefore, the occupancy of 238 stated in the assessment report does not seem to be justified and the total bed occupancy of 76% (585 IPD) (Annexure-3) provided to the assessors on the day of assessment is true and correct. The Photographs annexed hereto (Annexure – 3A) shall substantiate our submission.</p> <p>Hence, there was no deficiency on account of Bed occupancy the day of assessment.</p>	
3	Data of Clinical Material, OPD attendance, Major & Minor operations, Radiological & Laboratory investigations provided by institute are inflated.	<p>We reiterate that data of Clinical material and other related investigations and operations are as per the actual services catered by the hospital and commensurate with the number of patients which was given to the assessor on the day of assessment i.e. 10th May 2016 which is more than MCI norms as may be evident from (Annexure-4).</p> <p>The aforesaid data is as per the records maintained by the hospital and it is submitted that inflated data has been provided, as may be evident from the photographs annexed hereto (Annexure – 4A).</p> <p>Hence, there was no deficiency on the day of assessment.</p>	<p>On the day of examination (26-7-2016) all clinical data was verified by the assessors and was given in annexure. Videography and photos were enclosed. clinical data appear to be adequate.</p>
4	Only 4 Static X-ray machines are available against requirement of 6.600 mA X-ray machines are not available against 2 required. Only 4 Mobile X-ray	<p>It is submitted that 06 statics X-ray machines were available against requirement of 06 as shown below and also seen personally by assessor.</p> <ol style="list-style-type: none"> <li>1. 800 mA X-ray Unit I with I. I. T.V – 02</li> <li>2. 600 mA X-ray Units – 02</li> <li>3. 300 mA X-ray Unit – 02.</li> </ol> <p>On the day of inspection location of 06 Mobile X-ray units were detailed to Hon'ble Assessor &amp; also duly verified. 02 Mobile X-Ray units were located in the main radiology department while 01 mobile x-ray unit each were available in casualty, orthopedics ward,</p>	<p>*800 mA X-ray Unit I with I. I. T.V – 02  *600 mA X-ray Units – 02  * 300 mA X-ray Unit – 02 are present.</p>

	machines are available against requirement of 6.	I.C.U and pediatrics I.C.U. Thus 06 mobile x-ray units as per MCI guidelines were available. Hence, there was no deficiency on the day of assessment.	*100mA mobile units-3 *60 mA mobile units-3
5	Anatomy department available specimens are only 90.	As per MCI minimum standard requirement for 150 M.B.B.S admissions, there are no set norms available for specimens. However, the total Number of Mounted specimens, Charts and Models in the Anatomy Department are more than 400 (Specimens wet and dry - 226, Models – 98, Bone sets – 56 (Articulated – 16 and Disarticulated – 40) and MRI & CT – 20). Museum is updated from time to time with new specimens and models. Further after the inspection on 10th May 2016, more than 136 additional specimens have been mounted and are sufficient for teaching and training of PG and UG Students. The list of the specimens, Charts, Models, X-Rays is (Annexure -5). Thus, the deficiency has been rectified.	Total No. of Specimens – 226, Mounted Specimens – 198, dry – 28 Catalogs – 05 Models – 98 Bone sets – 56 ( Articulated – 16 and Disarticulated – 40) MRI and CT - 20
6	OPD: Demonstration rooms are small & congested. Instrument were not put to use in Ophthalmology. Specialty clinics registers were not available in Paediatrics. No samples were sent to	Demonstration rooms of adequate size and capacity are available in OPD of each clinical department.(Annexure-6). However, there are no set norms of MCI on this count as is evident from (Annexure-7). It is further submitted that in the Department of Ophthalmology, Instruments are available as per norms, fully functional and in regular use as per indication of cases. In this connection kindly refer (Annexure-8). All registers of Specialties clinics of Department of Paediatrics were available in the department and duly perused and verified by assessor. Copy of the same being submitted for kind perusal (Annexure-9). As per their own statement, the assessors have confirmed and certified the functioning of the said clinics from which it is clearly evident that there was no deficiency on the day of assessment.	Demonstration rooms present (more than 20 sq.m) (Videography DVD taken) *speciality registers are available in Paediatrics) Sample data of

	laboratories from O.G. Specialty clinics.	Details of samples sent from Specialty Clinics of OBGY (cytology and histopathology) are further submitted for kind consideration. (Annexure-10). Hence, there was no deficiency of Demonstration rooms, use of Instruments or non-availability of registers of specialty clinics / non dispatch of samples of OBGY.	OBG specialty Was given in annexure clinical data.
7	Wards: Demonstration rooms/pantry are not available in many wards. USG machine in O.G. wards was non-functional.	Demonstration rooms of adequate capacity are available in wards of all clinical departments and verified by assessor (kindly refer to page no. 15 of Assessment form for Continuation of Recognition of 150 MBBS Admission report Part A – II). However, It may kindly be appreciated that as per MCI norms, Demonstration room is required in each department as may be evident from (Annexure-11) and is available. Functional Pantry are available in each ward to cater the needs of patients as also duly verified by assessor (kindly refer to page no. 15 & 16 of Assessment form for Continuation of Recognition 150 MBBS Admission report Part A – II). USG machine is functional in OBGY ward which is over and above the fully operational radiology department. Log book is also submitted for ready reference (Annexure-12). Hence, there was no deficiency on the day of assessment.	Wards: Demonstration rooms & pantry are available. USG machine in O.G. ward is functional. Photos/Video as DVD is annexed
8	O. T. list were not available at time of assessment.	OT list was provided to the assessor during his round (kindly refer Annexure – 13)	OT list on the day of assessment (26-7-2016) and of previous day (25-7-2016) was submitted. Sent as annexure.
9	There were lesser number of patients at OPD counters.	MRD data for the month of May 2016 is submitted along with data of the day of inspection and video clips of inspection round with assessor on 10th May 2016 (Annexure-14). Our OPD complex is spread in four blocks of hospital buildings and caters from 9:00am to	OPD-1251 on the day of assessment at

		<p>4:00pm. The patients keep on moving after registration for consultation and diagnostic investigation hence less numbers of patients at OPD counters may not have any bearing on total OPD data. Kind attention is also invited to page No.17 of the assessment report wherein the assessors themselves made a statement that there were 129 admissions on the day of assessment. Considering the certified admissions of 129 on the day of assessment by the assessors, it may be appreciated that the number of OPD patients would have been at least more than ten times of OPD cases, i.e., approximately 1290. Further, the actual OPD on the day of assessment were screened on OPD basis and which was provided to the assessors on the day of assessment (Annexure-14). It is therefore submitted that there were adequate number of OPD patients at the counters. And as such, there was no deficiency on the day of assessment.</p>	<p>2 P.M. Periodical photos are taken and submitted in the DVD.</p>
10	<p>Records of Kitchen Laundry, Pharmacy suggest lesser clinical material available</p>	<p>Food in hospital is free and voluntary. Records of kitchen are submitted for ready reference which duly justify indoor patients. The same was provided to the assessor during the visit (Annexure-15). We have state of art laundry to cater the routine needs of hospital. The details of services rendered are provided for ready reference (Annexure-16). It is further submitted that we have three pharmacy units in the premises. Patients are free to take medicine from any of the three units or even from market. The details were provided to the assessor during the visit. It is submitted that there is no compulsion to buy medicines from any particular unit and therefore the same may not have any bearing on the clinical material available. The clinical data already provided in reply to point number -3 substantiates our submission. Hence, there was no deficiency at all on the day of assessment.</p>	<p>Kitchen is in house, Food in the hospital is free and data for kitchen (see Annexure.) Laundry out sourced (see Annexure.) One Pharmacy is free (data attached as annexure) and three Pharmacy shops are available inside the hospital</p>

			campus. (See Annexure.)
11	Other deficiencies as pointed out in the inspection report.	Compliance of all points from S. No. 01 – 11 as per compliance report have been submitted as above. Regarding ventilator in casualty, there were two fully functional ventilators available in the casualty department instead of one as reflected in the summary of assessment. Hence, it is submitted that there was no deficiency on the day of assessment.	Ventilator -2 in casualty (photos enclosed in DVD). ICU/SICU/PICu photos were taken and submitted in the DVD. Case details are enclosed in the annexed clinical data. *Blood bank data on the day of assessment (upto 2.p.m.) also attached.

<b>Notes:</b>
<b>For purpose of working out the deficiency:</b>
(1) The deficiency of teaching faculty and Resident Doctors shall be counted separately.
<b>(A) For Teaching Faculty:</b>
(a) For calculating the deficiency of faculty, Prof., Assoc Prof., Asst. Prof & Tutor in respective departments shall be counted together.
(b) Any excess teaching faculty in higher cadre can compensate the deficiency of lower cadre of the same department only.
(c) Any excess teaching faculty of lower cadre/ category in any department cannot compensate the deficiency of any teaching faculty in the higher cadre/ category of the same department or any other department. e.g. excess of Assistant Professor cannot compensate the deficiency of Associate Professor or Professor.
(d) Excess/ Extra teaching faculty of any department cannot compensate the deficiency of any teaching faculty in any other department.
<b>(B) For Resident Doctors:</b>
(a) Excess of SR can be compensated to the deficiency of JR of the same department only.
(b) Excess SR/JR of any department cannot compensate the deficiency of SR/JR in any other department.
(c) Any excess of JR cannot compensate the deficiency of SR in same or any other department.
(d) Any excess/ extra teaching faculty of same or any other department cannot compensate the deficiency of SR/JR. e.g. excess of Assistant Professor cannot compensate the deficiency of SR or JR.
(2) A separate department of Dentistry/ Dental faculty is not required where a dental college is available in same campus/ city and run by the same management.
(3) Colleges running PG program require additional staff, beds & other requirements as per the PG Regulations - 2000.

<b>For purpose of working out the deficiency:</b>
(1) The deficiency of teaching faculty and Resident Doctors shall be counted separately.
<b>(A) For Teaching Faculty:</b>
(a) For calculating the deficiency of faculty, Prof., Assoc Prof., Asst. Prof & Tutor in respective departments shall be counted together.
(b) Any excess teaching faculty in higher cadre can compensate the deficiency of lower cadre of the same department only.
(c) Any excess teaching faculty of lower cadre/ category in any department cannot compensate the deficiency of any teaching faculty in the higher cadre/ category of the same department or any other department. e.g. excess of Assistant Professor cannot compensate the deficiency of Associate Professor or Professor.
(d) Excess/Extra teaching faculty of any department cannot compensate the deficiency of any teaching faculty in any other department.
<b>(B) For Resident Doctors:</b>
(a) Excess of SR can be compensated to the deficiency of JR of the same department only.
(b) Excess SR/JR of any department cannot compensate the deficiency of SR/JR in any other department.
(c) Any excess of JR cannot compensate the deficiency of SR in same or any other department.
(d) Any excess/ extra teaching faculty of same or any other department cannot compensate the deficiency of SR/JR. e.g. excess of Assistant Professor cannot compensate the deficiency of SR or JR.
(2) A separate department of Dentistry/Dental faculty is not required where a dental college is available in same campus/ city and run by the same management.
(3) Colleges running PG program require additional staff, beds & other requirements as per the PG Regulations – 2000.

### Summary of Assessment

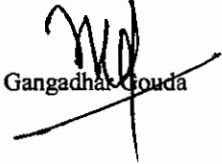

1. PEOPLE'S COLLEGE OF MEDICAL SCIENCES & RESEARCH CENTRE, BHANPUR, BHOPAL M.P. (College Name), is run by Government/ Trust/ Society/Company
2. The Medical College and Hospital is already recognized.
3. Type of assessment: Continuation of Recognition      No. of seats: 150
4. PG courses : Yes/ No
5. Deficiency of the infrastructure of college and hospital If any: Pl. mention category wise; Case demonstration rooms in OPD are small and congested. No demonstration rooms / Pantry are not available in clinical wards. USG machine in OBG was not functional. There was only one Ventilator working in the Casualty. Instruments were not put in to use in Ophthalmology Dept. Specialty Clinic register was not available in Paediatrics. From OBG speciality clinic no samples were sent for labs..(Evidence Sheets enclosed).
6. Deficiency of clinical material If any: Pl mention category wise; Bed occupancy 30.90%. Investigations carried out was less. OT list was not available at the time of Assessment. There were less number of patients at OP counters . Clinical material available is less as supported by the bed occupancy rate, Kitchen records, Laundry records and Pharmacy records.(Evidence Sheets enclosed). Investigations done in Pathology , Microbiology , Bio Chemistry and Radio Diagnosis are less. Data provided by the institute regarding clinical material is inflated.
