Sub: Irregularities at Dr PDM Medical College Amravati

Respected Sir, warm regards

We this letter, we wish to inform you that there are many irregularities in Dr P D M medical College Amravati related to teaching staff or Faculty, Inadequate or Bogus patients, inadequate infrastructure etc. The college authorities, management have cheated the MCI, Government & other authorities in past on many occasion.

We specially wish to inform you latest unfortunate incidence where four newborn babies died in NICU because of lack of staff and facilities in the institute on 28-29th May 2017. After the episode the regular HOD Dr R Nistane was suspended by the Dean and the remaining entire Teaching staffs including Associate Professors, assistant professors and residents have resigned because of autocratic administration of the Dean & management.

The admissions in Pediatric ward have been stopped; the OPD is run by interns or unqualified staff (posted from Pharmacology or other departments) resulting in poor services to the community/ society. There is no qualified staff for conducting the theory lectures or clinical teaching to the students.

In-spite of all these happenings when the Medical Council of India team visited the college for inspection on 14th July 2017, they were given all the false information & the various deficiencies & irregularities were hidden and the MCI team was cheated. All the staff those who had resigned were shown as regular faculty so as to avoid the action by MCI.

We request you to inquire all these irregularity & take appropriate action as per the provisions of the rules & laws.
