Since we are running PG courses our bed requirement as per MCI norms is 730.</p> <p>3. But our existing bed strength is 820.</p> <p>4. As per Assessor's remark our bed occupancy at 10 AM on the day of assessment was 66%.</p> <p>5. This was calculated against the bed strength of 820.</p> <p>6. If the required bed strength is considered as 730, our bed occupancy exceeds 70%</p>	The bed occupancy on the day of assessment was 75.6%, i.e. 499 inpatients (taking into account the bed strength for 120 UG admission along with their post graduate intake which is 660).

<b>Notes</b>

Dr. Dipesh Duttaroy

Dr. K Nagamani

Maki

2:- ANMO, MWO & LMO need to be physically verified and not be counted for the purpose of shortage in faculty/residents.

3:- A separate department of Dentistry/Dental faculty is not required where a dental college is available in same campus as the medical college.

4:- Colleges running PG programmes require following additional faculty in the departments of pathology, radiology & anesthesiology; Assoc Prof.-1, Asst Prof.-1 & Tutor-1.

### Department wise deficiency (if any): -

1. There is no seating arrangements for examination in the hall. During the assessment no chairs or benches were available in the hall suitable for conduction of examination.
2. There is no lecture hall with capacity of 350 in the college .
3. Library at present has a reading room to accommodate only 200 students. Computer section has been added and library subscribes to digital journals through MUHS.
4. There is no separate hostel for Interns. They are accommodated in the UG hostel.
5. Clinical workload adequate. Patients genuine.
6. Other than Physiology department the college has complied to major deficiencies in Demonstration Rooms which are now well equipped with audiovisual equipments
