4	Bed occupancy was 69.05% at 10.am as observed by the assessors.	<p>The ward rounds by the co-ordinator and staff attendance clinical & non clinical were taken at the same time. Patients discharged went off from the wards and only a few patients admitted reached the ward, so the bed occupancy was less by 10 am . The admission was complete by 1 pm and the bed occupancy was more than 80% at 2 pm on the day of inspection and the same statistics was also enclosed in the inspection report. (2.6 of Page 16)</p> <p>Now the bed occupancy is >80%. Hence the deficiencies have been rectified.</p> <p>The statistics of bed occupancy for the month of May till 31st is enclosed.</p> <p>We are conducting free medical camps in our hospital and nearby villages and conducting speciality camps to maintain bed occupancy.</p>	Today Bed Occupancy is 82 %
5	In Paediatrics wards, a large number of patients were admitted on day of assessment who did not merit admission. In General Surgery wards, on case sheets of many patients, diagnosis was written which did not match their history. Many patients were shown operated but there was no scar of surgery at all. In orthopaedics, a lot of patients with	The admissions of patients in Paediatrics, General surgery and Orthopaedics have been stream lined and done only for those patients who require admission. The required investigations are being carried out and the record is maintained in respective Inpatient sheets. Hence the deficiencies have been rectified.	Patients who required admissions were admitted.

	complain of back ache and Osteoarthritis were admitted who did not merit admission. A major chunk of patients did not have a single X-ray in spite of being admitted for several days.		
6.	Data of clinical material, laboratory investigations provided by the institute appear to be inflated.	The data of clinical materials are not inflated and is the actual data. Details are enclosed.	Verified the data matches with the average of last 6 months.
7	A large number of patients in various wards did not have any investigations (including Histopathology) attached to their case sheets. This raises grave doubts about the integrity of data of laboratory investigations provided by the institute.	Has already been replied in Serial No: 5 and 6 Some of the case sheets were not complete during rounds as rounds and staff attendance were taken at the same time. Only CRRIs were available in hospital with minimum number of PGs and faculty, so they could not complete the work on time.	Patients case sheets are completed
8	Out of 5 static X-rays available, one was non-functional on the day of assessment	The static X-ray has been made functional. Hence the deficiency has been rectified. (Certificate enclosed)	Verified all the X-ray machines are functional
9	Common rooms for boys and girls-facilities are inadequate.	Common room for boys & Girls are available separate as per MCI Norms, both with attached toilets and facilities like table, chairs, lockers, drinking water facilities etc with well ventilated with lights and fans.	Verified, common rooms have adequate space.
10	Students Hostel: Visitors room, AC study room with computer and internet, Recreation room are not available in boys hostel.	Split AC has been provided in the computer and internet room. Recreation and visitors room are already there and have been improved. Hence the deficiencies have been rectified.	Available
